The image features a stylized American flag with red and white stripes and a blue field with white stars, positioned in the top-left and bottom-right corners. The central text is written in a black, handwritten-style font.

Geography-
United States of
America

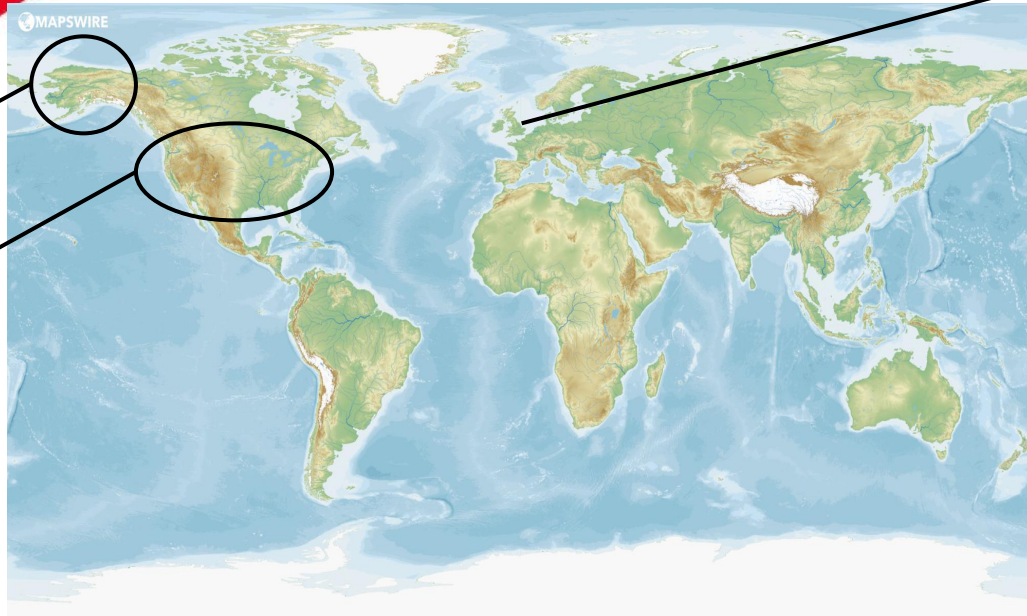

This term, we are learning about the United States of America- the USA. We will look at different places and states in the USA. Today we are learning where the USA is on a map. These skills will help you throughout this topic!

Where is the United States of America?

This is Alaska-
another
part of
America

This is the USA

You are
here....

The **United States of America** (often referred to as the **USA**, or simply the **US**) is the world's third largest country in size. The USA has **50 states**.

Some more facts:

Official Name: United States of America

Population: 324, 057, 300

Capital: Washington, D.C.

Major Mountain Ranges: Rocky Mountains, Appalachian Mountains

Major Rivers: Mississippi, Missouri, Colorado

Money: U.S. dollar

<https://www.natgeokids.com/uk/discover/geography/countries/usa-facts/>

This is a good website to explore and look at more interesting facts all about the USA - see if there are any facts you could use in your other school work!

Map of North America

Now for your job.....
Thinking about the fact the USA has 50 states, research **one** of those of your choice. (If you have time, you can research more than one)

Fill in a fact file about that state, you can use my example layout to write on, or you could come up with your own way of presenting this! Remember, if you do it electronically, share it with your teacher on the drive or email it to the school office.

My United States of America fact file

By _____

The state i'm researching:

Largest city in the state:

Something interesting you didn't know before:

A famous landmark, mountain or river in this state:

Any other interesting facts:

Can you find and colour the state you are researching?
