

Week 4 - 11th May 2020

Oak National Academy

For maths this week, we are going to be using Oak National Academy.

There are four steps to every lesson:

- Introductory quiz
- Watch the video
- Complete the activity
- Exit quiz

Sometimes, the teacher will ask you to pause the video to complete parts of the activity as you go along.

Lesson 1 - To describe coordinate positions on a grid

To describe coordinate positions on a grid

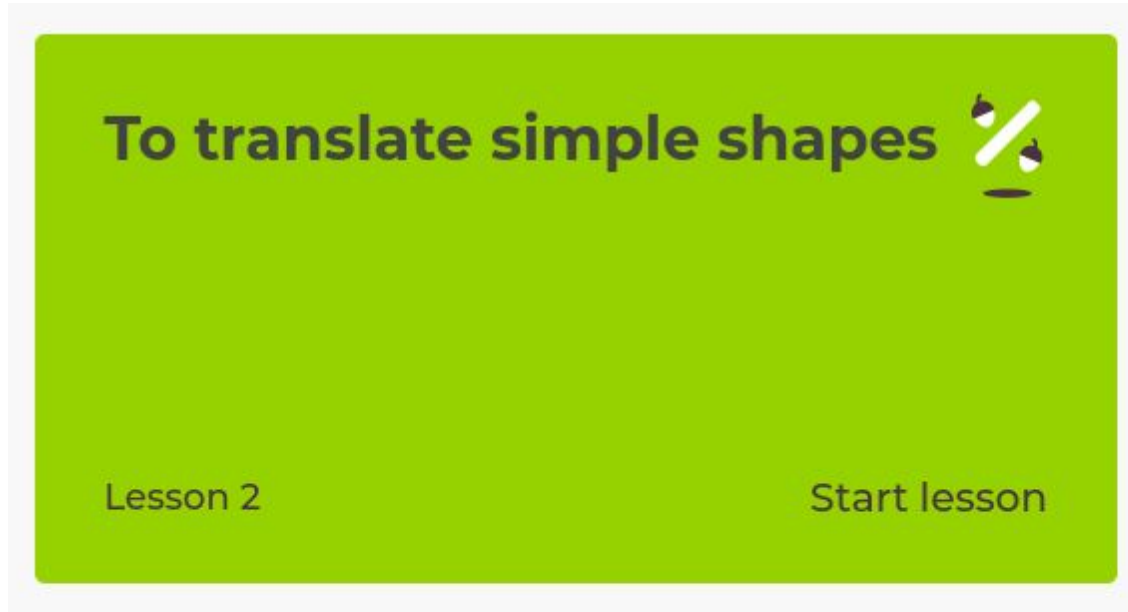

Lesson 1

Start lesson

Lesson 2 - To translate simple shapes

A green rectangular card with a white border. The text "To translate simple shapes" is written in a bold, dark grey font at the top left. To the right of this text is a white icon consisting of a diagonal slash with two small black shapes above and below it. At the bottom left of the card, the text "Lesson 2" is written in a smaller, dark grey font. At the bottom right, the text "Start lesson" is written in the same font and color.

Lesson 4 - To solve practical coordinate problems

<https://www.thenational.academy/year-6/maths/to-solve-practical-coordinate-problems-year-6-wk4-4>

Lesson 5 - To solve practical coordinate problems

A green rectangular card with rounded corners. The text "To solve practical coordinate problems" is written in a bold, dark grey font on the left side. In the top right corner, there is a white icon of a pencil and a ruler. At the bottom left, the text "Lesson 5" is written in a smaller, dark grey font. At the bottom right, the text "Start lesson" is written in a smaller, dark grey font.
